

LESSON IN VIOLENCE

We are very proud to present you the new german Thrash Metal Formation!

“LESSON IN VIOLENCE” from Schweinfurt, Bavaria.

It's always hard to find a name for your baby. We wanted a name that expresses the message in our music and gives you an idea for what it's all about. Further should every metalhead know what's going on by just reading the name of the band. So we helped ourselves by leaning on to one of the greatest Thrash Metal bands who have always been a huge influence to us all. “Lesson In Violence” was born in summer 2019 and it is our aim to deliver fuckin good Thrash Metal without any triviality that goes straight through the heart.

Violence in music... and nowhere else!

If you like It fast and straight and you prefer some old-school-thrash-riffings without any cosmetics or compromises, then lend us your ears until they bleed!

In February 2022 we released our first album "The Thrashfall of Mankind" to bring the violence to your home and play shows to expand our range and fuck shit up! We are looking for bands, fans, venues, organizations and promoters who support our life ambitions.
